visitation year for the
of the United States.

The many friends of Seeley D. Kinne will be saddened to know of his passing from this life April 13. At 11:00 P. M. on April 12 he had an heart attack and his spirit left his body at 7:00 A. M. April 13, at the age of 92 years. His body was laid to rest April 15, until the Resurrection Day.

He had waited with longing expectation for two things: the Latter Rain visitation and the coming of the Lord. He saw the beginnings of the first but did not live to see the second. During much of his life his health was poor and doubtless his strong faith had much to do in preserving his life until this ripe age. His revelation of truth for the end time was marvelous indeed and much of it was prophetic and is yet to be fulfilled. He truly was a pioneer for the last hour message. His books and tracts are now in great demand. The book, "Prophetic State" which is out of print at the present time, is certainly a masterpiece on the life in and ministry of the Holy Spirit in the Church.

We first met Brother Kinne in 1930. At that time I was having a spiritual struggle. He was a great blessing and

inspiration to me at that time and has been ever since. Through him the Lord was able to lead me into a deeper life of consecration and the ministry of the Spirit. I am sure there are many who could say the same. He was indeed a father in Israel.

May the memories of his ministry and teaching encourage us all to press on into all the fullness of God for this end time.

—I. Q. S.

Note: About two months ago I corresponded with Brother Kinne in regard to reprinting the book "Prophetic State." He gave me permission to revise it if we felt necessary and seemed happy to have it in print. We would have begun but were short of funds. Perhaps some one or more of his friends would be glad to donate or loan a few hundred dollars, toward this very valuable book with a greatly appreciated and timely message, and by so doing bless the memory of our Brother to many hearts who are now just entering into the realm about which he wrote.
